NEWS RELEASE

NextRE Opens Office in New Jersey

Pedricktown, NJ - October 26, 2009 - NextRE, Inc. has taken another important step in its aggressive expansion plans, opening an office in New Jersey and expanding its footprint to four contiguous states - Delaware, Pennsylvania, Maryland, and New Jersey.

The New Jersey office, located at 322 Artillery Avenue, Pedricktown NJ in Salem County, will be headed by Broker-of-Record Joseph Scarpa, LEED AP, Green, EcoBroker, e-PRO. This office brings NextRE, Inc. to its fifth branch office location.

“New Jersey is a strategic move for NextRE and gives us a platform to serve more of the Midatlantic and Delmarva regions. The synergies created by having a presence in New Jersey are invaluable. Added to that is the reputation and track record of Joe Scarpa. We could not be more delighted with him,” said Alex Vella, Vice President. “This is the first of other locations we anticipate in New Jersey as we continue our strategic plans for growth in other regions of the country as well as the areas we already serve.”

“As the company’s slogan goes, NextRE does Real Estate the Smart Way” said Scarpa. “The hallmark of NextRE is its Internet infrastructure that supports its professional REALTORS®. NextRE Associates have an entrepreneurial spirit. They get the job done, and I wanted to be a part of that. Everyone I’ve met within the organization is client-focused and results-driven. Joining Alex Vella and Stephen Marcus, President, and bringing the resources and opportunity of NextRE, Inc. to New Jersey is a personal milestone” said Scarpa.

The New Jersey phone number is: 856-981-2973.

About NextRE

NextRE is a fast-expanding regional broker offering 100% agent commission under a fixed annual brokerage services fee, no matter how many transactions are completed throughout the year.

New agents joining the company also benefit from not having to pay their initial annual fee until completing their first transaction and collecting their first commission check from NextRE, thereby not incurring any expenses in transitioning over from another brokerage company.

Along with unprecedented compensation benefits for its agents, it is the broad consumer recognition of the NextRE brand, and the amazing array of electronic tools, capabilities and marketing strengths provided to its agents that makes the value-added difference when compared to other real estate brokers: From the digital back-office platform for complete electronic transaction support, to online lead management and referral systems, to the state-of-the-art agent-managed websites with comprehensive showcasing of agent's property listings.

As a private company, the business is profoundly different from the typical national real estate franchise with their layers of service fees and commission splits that hamper agents' income potential. Co-founded in 2002 by Stephen Marcus and Alex Vella, NextRE has spent the intervening years building its reputation on bedrock of customer dedication, integrity, teamwork, continual improvement, and growth. This foundation, coupled with its 100% Agent Commission Program, translates into high dividends for agents.

NextRE's award-winning website, NextRE.com, continues to be one of the best websites in real estate with more MLS listings, local housing data, open houses, mapping, and advanced search capabilities. We invite you to learn more about NextRE, Inc. by visiting NextRE.com.
