

# Leadership in Energy & Environmental Design (LEED®) Neighborhood Development | Transfer of Development Rights

RSVP: [RSVP@GreenParadigmInstitute.com](mailto:RSVP@GreenParadigmInstitute.com) or [www.GreenParadigmInstitute.com](http://www.GreenParadigmInstitute.com)

Wednesday, March 3, 2010

\$10.00 at the door!

8:30 am – 10:30 am Light Breakfast provided

(Program starts promptly at 9:00 am)

**Learn:** U.S. Green Building Council's newest LEED rating system – LEED for Neighborhood Development juxtaposed against regional Transfer of Development Rights programs contemplated for Southern New Jersey

**Where:** [Energy Freedom Pioneers Eco-Industrial Park](#) 300 Route 130, Pedricktown NJ 08067-0420  
Salem County - six miles south of Commodore Barry Bridge | six miles north of Delaware Memorial Bridge

**Open to real estate professionals, property owners, developers, architects, planners, engineers, and residents!**

***RSVP by Tuesday 2 Mar 2010 | Directions or Questions: 856 981 2973***

**Speakers:** **Robert Melvin, AICP/PP**, Principal of GROUPmelvinDESIGN, a specialist in planning, community development, smart growth and sustainable development. He will discuss Transfer of Development Rights (TDRs) in Woolwich Township (Gloucester County), the once-fastest growing community in the country, and the implications of TDRs elsewhere in Gloucester and Salem County, New Jersey.

**John Hasse, Ph.D.**, Assistant Professor of Geography, Rowan University, Co-Chair of Rowan University Campus Master Plan Committee. Specializes in land use, environmental planning and geospatial systems. He will discuss the alignment of U.S. Green Building Council's pilot LEED rating system for Neighborhood Development, due to be released this year, with New Jersey municipal master planning.

***Attend our green building certification series ... every 1<sup>st</sup> Wednesday of the month!***
