

FREE WORKSHOP

NJ DEP Water Conservation & U.S. Green Building Council LEED Category Water Efficiency

LEARN: Availability and quality of water in Southern New Jersey and pilot water conservation projects in other New Jersey municipalities. Discuss EPA WaterSense and U.S. Green Building Council LEED category: Water Efficiency.

TUESDAY, MARCH 1, 2011 NO COST!

9:30 am – 11:00 am

Snow date Tuesday, April 05, 2011.

WHERE: PSEG Energy and Environmental Resource Center (EERC), 244 Chestnut St, Salem NJ 08079

Open to real estate professionals, property owners, developers, architects, planners, engineers, kitchen and bath professionals, contractors, remodelers, plumbers, interior designers, home buyers, residents, construction code officials, and all those interested in Leadership in Energy and Environmental Design (LEED®).

RSVP: By Monday 28 February 2011 (Walk-ins Permitted) RSVP@GreenParadigmInstitute.com or www.GreenParadigmInstitute.com | Questions to Joseph Scarpa, LEED AP, GREEN, EcoBroker, at 856 981 2973.

SPEAKERS:

- **Katie Barnett**, NJ Department of Environmental Protection, Division of Water Supply
- **Christopher Kenney**, AIA, CSI, LEED AP, Principal, UJMN Architects + Designers, will discuss water efficiency principles delineated in U.S. Green Building Council's LEED Rating Systems and discuss architectural/engineering efforts in obtaining PSEG EERC LEED certification.

PURPOSE: To inform the general public of the status of Southern New Jersey's water supply and efforts by EPA, NJ DEP, and U.S. Green Building Council to help conserve and protect our water supply.
